

Interior blind

Why should you consider motorized blinds?

No more cables or strings that get tangled up! With just one click you can open or close your blind with perfect positioning and alignment. Somfy motors are also ideal for large windows, high-up or hard to reach shades.

The benefits of a Somfy motorized interior blind

The quiet Sonesse range

This smooth and silent interior blind range is dedicated to preserving the peace of your home.

The "my" function

This clever function lets you line up your blinds perfectly with a centralised remote control.

100% wireless WireFree™ range

These independent motors are operated by solar or battery power, with one to five years of battery life depending on usage. You don't need an electrical connection to switch to motorised blinds!

Compatible with all Somfy RTS products.
